Abuse-Free Sport releases third Sport Environment Assessment report

MONTREAL, QC - Abuse-Free Sport has published the Sport Environment Assessment report concerning Cycling Canada. As per policy, the organization was informed of the Sport Environment Assessment (SEA), was updated on its progress, and received advance notice of the upcoming publication of the report.

A SEA serves to address and prevent systemic issues related to maltreatment, discrimination and other prohibited behaviours under the Universal Code of Conduct to Prevent and Address Maltreatment in Sport to improve the sport environment for both current and future participants. The SEA process and published report are a tool for the entire sport community in crafting and improving their safe sport policies and practices.

This SEA report is the third to be published in the last two months and since the launch of the SEA process.

For more information regarding SEAs, please visit the [Sport Environment Assessment section of the OSIC website](#).
